Alternate Choice Course Codes			
1		2	

Step 4. Enter your selections into Xello. Do not click "Submit" until you have completed step 5. Be sure to access Xello through your OCDSB student portal. Instructions are posted on our website - CLICK HERE for access.

Step 5. Share your selections with your parent / guardian. They must approve your selections and complete the High School Course Selection Parent Verification Form using the link below.

Glebe Student Services → Course Selection → Course Selection Verification form 2024-2025

Thank you for submitting your course selections for 2024 - 2025!

Notes:

Gifted French Immersion Program - Students in the program must select all of the following courses in the program package.

Gifted French Immersion Program		Notes
English - University - Gifted	NBE3UG	
Principles of Mathematics and Functions - GIfted	MCR3UG	
French Immersion - Gifted	FIF3UI	

English Language Learners

Students who are learning English <u>must select 2 English courses</u> to support skill building.

Students in ESLAO, ESLBO, and ESLCO access additional language support in courses with codes as indicated below.

English Level	Grade 10 Courses	English Level	Grade 10 Courses
☐ ESLAO (Level 1) ☐ ESLBO (Level 2) ☐ ESLCO (Level 3)	☐ CHC2DS - History ☐ SNC2DS - Science ☐ CHV2OS / GLC2OS - Civics / Careers	☐ ESLDO (Level 4) ☐ ESLEO (Level 5)	Please select regular English program options.
*This chart is intended as a guide only. Please work with Glebe Staff to determine the best plan for students working on their English Language Skills.			

Notes and Frequently Asked Questions

Summer School

Q. What if I plan on taking a course in summer school?

A. Please select the potential summer school course in Xello in case your plans change. When you request registration for a summer school course , you will be asked to indicate the course you wish to replace it with in your schedule. Once you have completed the course, we will receive notification of this and attempt to schedule in this course or an alternate.

French Immersion Certificate

Q: What is required to earn a French Immersion Certificate? How do I check that I am on track to earn a certificate?

A**:** If you are working toward a French Immersion Certificate, be sure to:
- select "FIF3U" as one of your elective courses.
- If you wish to take a course in French, be sure to select the course code that ends in "F" for that class.
- CLICK HERE for information about French Immersion Certificate requirements.

Missed Compulsories

Q: What if I still need a compulsory course from grade 10?

A: Make a note of the course you need from grade 10 in the right hand column (under "notes") and choose this course in XELLO along with the grade 11 level course if you wish to take it next year. In this case, you will have one less elective.

Reaching Ahead

Q. I would like to take a grade 12 course next year when I am in grade 11. Can I choose a grade 12 course in Xello?

A. Students are encouraged to choose grade appropriate courses to minimize scheduling conflicts and to ensure they are prepared for expectations of the next grade level. Note that our priority is to make sure that students have what they need to meet graduation requirements. If you choose a grade 12 course, you may not be able to keep your spot in the course if a grade 12 student needs it. If that happens, you will need to choose another course and your options at that time may be very limited due to timetable constraints.

eLearning Requirement

Q. The Ministry of Education has instituted an eLearning Graduation Requirement for students. What if eLearning is not a good fit for my learning profile?

A. Information regarding the Ministry of Education's eLearning Graduation Requirement is available at this link eLearning Graduation Requirement. If your child would like to opt-out of this requirement, you can do so using this form. Please note, current grade 11 students will receive one eLearning credit due to their experiences with pandemic learning, and current grade 12 students are exempted from the requirement and do **not** need to complete the opt-out form.
