Course Change Request Information 2024 - 2025

Please refer to the descriptions regarding course change priorities below.

Examples of situations in which the change is a **must** are if the student:
- Is missing compulsory courses
- Has already earned the credit (eg. in summer school etc.)
- Does not have the prerequisite for a chosen course
- The student is in the wrong pathway due to a data entry error (eg. student chose NBE3E (workplace) when they should have chosen NBE3U (university)

Other priority changes include:
- Post secondary admission requirements
- Program requirements (ex. A student is in the French Immersion program and forgot to select FIF3U)
